

2009 Gauges Buyers Guide

Welcome to *Quality Digest's* 2009 Gauges Buyers Guide, which features more than 140 manufacturers and distributors of gauges. Each listing contains the company's address, telephone and fax numbers, and a web address (if provided). Many of these companies supplied a list of the types of gauges that they provide, selected from a predetermined list of 35 gauge types. Please refer to the abbreviations key for these types.

We encourage you to visit our online buyers guide database at www.qualitydigest.com/content/buyers-guides for detailed

descriptions of the gauge manufacturers and distributors products, if this information has been provided to us.

The products listed in this guide have been neither evaluated nor endorsed by *Quality Digest*. Only those companies that responded to our requests for information are listed. We hope this resource will help you find the right gauge for your specific needs.

Noncontact gaging and temperature compensation systems.
We offer:
1) Long stand-off noncontact gages using patented ultrasound technology

for thickness and distance measurement, and void detection
2) Temperature compensating gages and temperature compensation systems

Used worldwide at auto plants, aerospace companies, bearing manufacturers, railroads, wheel shops, printers, and their suppliers.

Kolva Custom Gauge Co. designs and manufactures precision, reliable, easy to use surface contact gauges for statistical process and quality control. Our in-house machining capabilities compliment the design and testing, with all gauges passing a gauge repeatability and reproducibility (GR&R) test prior to shipment. Complete standard operating procedures (SOP) and calibrated standards are provided with each gauge.
